Vineyard: 20 years of age, high density (5.560 plants/ha). Rootstock Franco.

Altitude: 980 m.a.s.l.

Soil: Sandy-loamy-clay, of alluvial origin and with great content of calcium carbonate.

Aging: 14 months in French oak barrels

Cellaring potential: 15 years

.....

Alcohol: 14,85% vol

PH: 3,76

Sugar: 3,17 g/l

.....

Tasting notes:

It has a garnet red color with dark hues. It evokes aromas of black fruits and the spiciness characteristic of Cabernet Sauvignon. In the mouth it is subtly buttery and its tannins are firm and elegant. With a balanced acidity, it has a harmonious and frank ending.
